

## FCC Alternative Inspections 2026

Please sign up today for the FCC Alternative Inspection program. Your voluntary participation in this program is the best insurance you can have against costly FCC violations. Stations that successfully pass are exempt from routine FCC inspections for 3 years (but not from FCC inspections that are part of a national enforcement effort or in response to a specific complaint about the station's operations or FCC Online File reviews). These inspections can also identify issues that could raise problems at license renewal time. Experienced engineers will inspect Minnesota stations as soon as they are able to get into the field (pending snow/ice).

Simply fill out the [form](#) for each station and return them no later than **February 28, 2026** to the MBA.

Email: [tim.hyde@minnesotabroadcasters.com](mailto:tim.hyde@minnesotabroadcasters.com) for questions.

Or mail to:

Minnesota Broadcasters Association

Attn: FCC ABIP

2700 Territorial Road, Ste 100

St. Paul, MN 55114

MBA Member rates for 2026 are as follows:

		<b><u>MBA Member</u></b>	<b><u>Non-Member</u></b>
